Understanding the World

Description

The Make it Rain Play Panel has an easy to spin rotating wheel that is embedded into a panel made from HDPE. The interior wheel contains small beads that cascade down the shutes and create a rain sound effect. The panel is great for children to interact with on the playground. All AMV Play Panels can be wall mounted or mounted onto posts fixed into the ground. Multiple panels can installed side by side or back to back. Please ask for further details of the options available.
