Climbing

Games & Puzzles

Co-Operative Play

Communication Skills

Description

The Eatock combines three 1200mm high platforms, each with a fun activity panel and linked via a rope bridge and enclosed tunnel. This unit incorporates a scramble net, traverse climbing ramp and steps with a handrail, in addition there is a 1200mm slide (either stainless steel or plastic), beneath the steps is a den with shop window.

The adventure playground equipment is modular to enable variations to be incorporated to suit individual playground needs, in addition we are able to offer a range of safety surfacing to go under the playground equipment.
