Imaginative Play

Description

An interesting reinterpretation of the traditional bench dining set. A functionally sculptural piece of furniture for all ages to sit, lie or stand on, both indoors and out. Boa can be used in two fundamentally different basic positions vertical or horizontal, typically set up in groups to create spaces within spaces. Boa has a textured/granulated surface due to abrasive blasting of the mould. This process enhances the friction and makes the surface comfortable and safe to use.

Fixing

Surface mounted.

The height varies from 40 to 120cm. We recommend EN-1176 standard safety surfacing within a 150cm radius of Boa.
