Description

Our Madera line consists of unique playground equipment made of stainless steel with a natural look.

The Madera Single swing bird's nest has a basket for several children to swing in at the same time. Furthermore, the Madera Bird's nest swing is suitable for children with a physical and/or mental disability. Due to the special anti-twist bearing, the seats cannot wind up, which extends the life of the chain. At the same time, the curved poles, with the special, strong light-brown coating, stimulate the imagination of children playing, because a curve like that could be anything. Madera equipment has a natural wooden look, but are made of very strong stainless steel.

This swing is configurable. It can be expanded to up to 5 portals (15 meters wide). In addition, there is a choice of different materials for uprights, different seats and options for standard bearings or anti-wrap bearings with an anti-twist system.

BENEFITS

- Configurable by expanding portals, choice of material and seats.
- Utilizes a unique anti-twist system.
- Play equipment with a designer look.
- Transparent play equipment, keeping sight lines open.
- Play equipment with a natural look and therefore suitable for natural play playgrounds.
- Stimulates movement and teamwork.
