Co-Operative Play

Description

Our Madera line consists of unique playground equipment made of stainless steel with a natural look.

Children develop their sense of balance while they learn to balance on the Madera Balance beam with retaining rope. At the same time, the curved poles, with the special, strong light-brown coating, stimulate the imagination of children playing, because a curve like that could be anything. The Madera Balancing beam is standard equipped with a green retaining rope.

BENEFITS

- Play equipment with a natural look for natural playgrounds.
- Transparent play equipment, keeping sight lines open.
- Ropes are available in the colours: red, blue, green and black.
- TÜV certified.
