Description

Our Madera line consists of unique playground equipment made of stainless steel with a natural look.

On the Madera Parcours children can play together and meet each other in the "spider web" or halfway one of the poles. At the same time, the curved poles, with a special, strong light-brown coating, stimulate the imagination of children playing, because a curve like that could be anything. The Madera Parcours is standard equipped with green ropes and a green net.

BENEFITS

- Play equipment with a natural look for natural playgrounds.
- Transparent play equipment, keeping sight lines open.
- Ropes are available in the colours: red, blue, green and black.
- TÜV certified.
