

Maths Maze

Product Code AMVF4-PM-052

£344

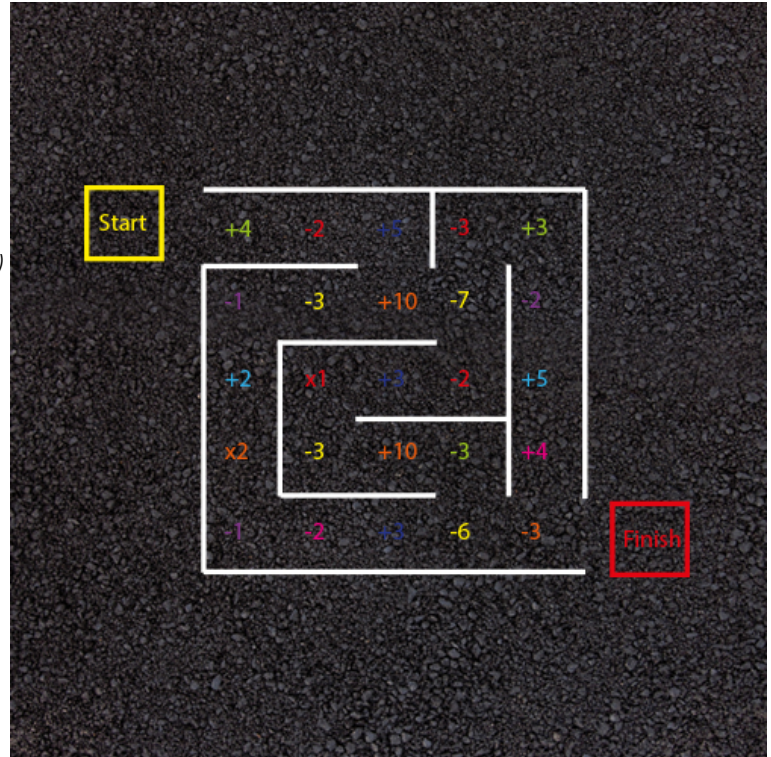

Price includes installation (Min. order value Â£1,000 plus VAT applies)

Dimensions:

Length 5000 mm

Width 5000 mm

Key Stage:

Play Values

This product supports the following areas of child development.

Jumping

Numeracy

Description

The game is played by a child starting in the Start box, the teacher or another child calls out a number. The child then starts moving around the maze calling out the solution to the maths questions as they move around the maze. If the child completes the maze then they have won the game. If a question is answered wrongly then the child drops out and the next child begins. This is an excellent teaching aid for mathematics and problem solving, as well as allowing children to learn in a healthy outdoor environment.
