Description

The 3 in a Row Game Play Panel has a total of 16 movable red and yellow sliding discs that glide effortlessly around the panel. This is a fun and entertaining game for children to play during break times. Because the discs slide in tracks, there are no loose pieces to worry about going missing or to put away and get out again each day. Bespoke design options are also available. All AMV Play Panels can be wall mounted or mounted onto posts fixed into the ground. Multiple panels can be installed side by side or back to back. Please ask for further details of the options available.
